

Fancy Jewellers — Feature-wise Price Quote Prepared for: Mukul Date: 12 November 2025

Summary - Delivery: feature-wise implementation, testing, documentation, and deployment support. - Currency: INR (Indian Rupee). - Prices do not include GST (as requested).

Assumptions - Work performed by an experienced React Native developer using the provided Expo + TypeScript codebase. - Client provides backend access, Play Console / Firebase credentials and test devices. - Third-party costs (Play Store fees, paid services) are excluded.

Itemized feature list (feature, effort, price range)

1. Base app QA & stabilization
 - Scope: Full run through of the current app on physical Android devices, fix build errors, ensure CI-friendly builds, smoke testing.
 - Effort: 1-2 days
 - Price: ₹6,000 – ₹12,000
2. EAS build + Play Store publishing (Android AAB)
 - Scope: Configure EAS, bundle google-services.json, produce signed AAB, upload to Play Console internal testing, assist listing.
 - Effort: 1-2 days
 - Price: ₹8,000 – ₹18,000
3. Push notifications: production (Play Store) support
 - Scope: Ensure expo-notifications / FCM integration works for standalone builds; validate backend token handling and end-to-end delivery; optionally migrate to native FCM if required.
 - Effort: 2-4 days
 - Price: ₹12,000 – ₹30,000
4. Profile page auth (email/password) & inline login/logout
 - Scope: Solidify profile auth UX, persistence, clear errors, sign-out flows.
 - Effort: 1 day
 - Price: ₹4,000 – ₹8,000
5. Calculator: “Other Charges” input + PDF generation & sharing
 - Scope: Add other charges input, include in calculations, generate PDF export, ensure correct currency formatting.
 - Effort: 1-2 days
 - Price: ₹6,000 – ₹12,000
6. Maintenance Mode (stopper API)
 - Scope: Remote maintenance flag, UI handling, graceful disabling of transactional features.
 - Effort: 0.5-1 day
 - Price: ₹2,500 – ₹6,000
7. Hero banner auto-slide + animated disclaimer
 - Scope: Auto-rotate banners, responsive animations, low CPU usage.
 - Effort: 0.5 day
 - Price: ₹2,000 – ₹4,000

8. Drawer navigation + custom footer polish

- Scope: Finalize drawer + footer across platforms, fix Android layout, accessibility, safe-area handling, theme/colors.
- Effort: 1-2 days
- Price: ₹6,000 - ₹12,000

9. Notifications admin & token handling (server guidance)

- Scope: Server snippets to send via Expo push API or FCM HTTP v1, token lifecycle handling, pruning invalid tokens.
- Effort: 1 day
- Price: ₹4,000 - ₹8,000

10. Debug tooling & dev ergonomics

- Scope: Add debug token UI, logging improvements, local test scripts.
- Effort: 0.5 day
- Price: ₹2,000 - ₹4,000

11. Device testing matrix

- Scope: Test app on 3-5 Android devices, document device-specific issues.
- Effort: 1-2 days
- Price: ₹6,000 - ₹12,000

12. Documentation & handover

- Scope: README, EAS publish steps, push-token & server send instructions, handover notes.
- Effort: 0.5-1 day
- Price: ₹2,000 - ₹5,000

Optional / Add-ons - Native FCM migration (react-native-firebase): 3-6 days → ₹25,000 - ₹60,000 - QA automation (Jest + Detox/Playwright): 3-5 days → ₹18,000 - ₹35,000 - Performance/accessibility audit: 1-3 days → ₹7,000 - ₹20,000 - Monthly maintenance retainer: ₹8,000 - ₹20,000 / month

Packaged offers (examples) A) Minimal (Publish-ready) - Items: 1 + 2 + 3 + 5 + 10 + 12 - Timeline: ~6-10 working days - Price estimate: ₹38,000 - ₹86,000

B. Standard (stable + polish)

- Items: A + 4 + 6 + 7 + 8 + 9
- Timeline: ~10-16 working days
- Price estimate: ₹64,000 - ₹142,000

C. Premium (full migration + automation)

- Items: B + native FCM migration + QA automation
- Timeline: ~20-30 working days
- Price estimate: ₹1,02,000 - ₹2,37,000

Payment and milestones - Upfront: 25-40% on acceptance. - Midway: 30-40% at milestone completion (e.g., app published to internal track). - Final: Remaining on delivery and acceptance.

Notes - Prices exclude GST and third-party costs (Play Store, paid services). - Major scope changes will be re-estimated.

Next actions - Confirm which package you want or pick features individually. - If you want a PDF now, I can convert this markdown to PDF and add PRICE_QUOTE_MUKUL.pdf in the repo. Alternatively, I can create a nicer PDF layout (company header) before

conversion — tell me if you want any specific header text.

Thank you — tell me how you'd like to proceed.
